PROFILE SUMMARY

Motivated and dedicated Java developer with a strong foundation in programming principles. Skilled in Java and SQL .Passionate about creating efficient and reliable applications. Strong problem-solving and teamwork abilities. Eager to contribute to software development projects.

PROJECTS

Project - 1

College Fees Management System
(HTML, CSS, Java, SQL)

- Developed a College Fees Management System to streamline fee collection and management processes for educational institutions.
- Utilized HTML and CSS to create an intuitive and responsive user interface for students, faculty, and administrative staff.
- Implemented Java for backend logic, handling fee calculations, payment processing, and user interactions such as generating receipts and managing accounts.
- Managed the SQL database to efficiently store and retrieve student information, fee transactions, and financial records.
- Collaborated with a team of developers, conducted thorough testing, and provided continuous updates to ensure system reliability and compliance with evolving educational policies and requirements.

Project - 2

Library Management System

- Developed a Library Management System using Java as the primary programming language.
- Designed and implemented the system to efficiently manage book inventory and support patron interactions.
- Utilized a Java compiler to produce a functional and user-friendly system with a command-line interface.

SOFT SKILLS

1. **Communication**: Effective communication to facilitate collaboration and understanding.
2. **Teamwork**: Strong team player with a history of successful group contributions.
3. **Adaptability**: Quick to adjust and thrive in changing environments.
4. **Problem-Solving**: Proactive in identifying and resolving complex issues.
